Eric Ravilious - Drawn to War

(PG CERT) FREE EVENT - VOLUNTARY CONTRIBUTIONS ACCEPTED

*For more details on the film visit <https://arranopenstudios.org/events/>
1 hour 27mins*

A Margy Kinmonth film, a true story, is the first major feature film about Eric Ravilious (1903-1942), the much loved but hugely underestimated British Official War Artist, killed in a plane crash over Iceland. This film brings to life this unique and still grossly undervalued British artist caught in the crossfire of war 80 years ago, whose legacy largely sank without trace, until now...

"A lovingly crafted documentary portrait."
